

**Prof Mohammednoor Altarawneh**  
Department of Chemical and Petroleum Engineering  
**United Arab Emirates University**

Email: mn.altarawneh@uaeu.ac.ae

The Combustion and Catalysis Group at the Chemical and Petroleum Engineering Department at UAEU has two openings for two funded PhD positions. The monthly salary is in lieu with the salaries offered by the College of Graduate Students at UAEU. The ideal applicant is to meet the admission criteria into the PhD program at UAEU posted at:

<https://www.uaeu.ac.ae/en/cgs/admission.shtml>

- IELTS score of no less than 6.5 overall.
- An undergraduate degree in chemical engineering and a MSc degree in a related field.

Applicants are to start their study on the Fall 2024 semester. Applications are to be submitted online at <https://uaeu.elluciancrmrecruit.com/Apply/Account/Login>. Deadline to receive the online applications is 30<sup>th</sup> of March 2024.

Topics of the intended research span catalysis, pyrolysis, chemical recycling, characterizations of materials, and chemical reactions on topics related to H<sub>2</sub> production and degradation of environmental pollutants.
