

DEAN'S MESSAGE

Welcome to the College of Business and Economics (CBE) at the United Arab Emirates University (UAEU). We are honored that you are interested in continuing your education with us.

High-level business professionals serving on our Executive Advisory Board have guided us in establishing a vibrant and supportive learning environment with cutting-edge curricula that has enhanced our reputation and the employability of our graduates. Our faculty experts research a broad range of topics that provide insights into new ways of thinking and learning for business and society. Our faculty and professional staff's skills, knowledge and commitment combine to enrich the student learning experience.

The College is recognized around the world because of our accreditation from AACSB International – The Association to Advance Collegiate Schools of Business (AACSB) - the premier accrediting body for business programs. It is a testament to the College's excellence and its commitment to continuous improvement. In the year 2007, CBE was the first College of Business in the region to achieve AACSB accreditation. Today, we are the only business unit in the Middle East, and one of only 19 institutions in the world, to hold both business and accounting accreditation. Less than five percent of business programs globally are accredited by AACSB.

The CBE educates more than 1,000 students annually across five undergraduate degree programs in Accounting, Finance & Banking, Business Administration, Economics and Statistics and Data Analytics, three master's programs, and a Doctorate program in Business Administration, in addition to a minor in Entrepreneurship, all academically driven by faculty members from five interdisciplinary departments.

We continually strive to improve our teaching and educational experiences for our students (both in the classroom and beyond) in order to provide:

- Encouraging guidance from expert faculty
- Instruction with a global consideration
- Leadership and managerial training from group work and participation in organizations and clubs
- Practical learning through invited speakers, field trips, projects, study abroad programs and internships
- Professional support and career development

We have much to offer and want to help you achieve your professional goals and dreams. We look forward to welcoming you to the College and supporting you as you build your future.

Prof. Mohamed Madi,
Dean, College of Business and Economics

STUDENT TESTIMONIALS

"I am an Accounting major in my fourth and final year at UAEU. Everything I experienced and learned in the past 4 years has far exceeded my expectations. I have had many opportunities to organize events and to participate in many valuable field trips. I would highly recommend this reputable university and program, which has received international accreditation."

Mariam Al Nuaimi,
Bachelor of Accounting

"I am truly thankful for my time at the College of Business & Economics in the Marketing program which has provided me with an abundance of knowledge and great memories. I entered the program with limited knowledge about Marketing and the marketplace, but thanks to a comprehensive and structured course which is taught by highly skilled lecturers who bring a wealth of experience and knowledge from within the industry, I now feel job ready. Who knows, I might even start my own business someday."

Maitha Al Mansouri,
Bachelor of Business Administration (Marketing)

WHY CHOOSE CBE?

- 1 Earn a degree from one of the top ranked universities in the world**
- 2 UAEU is currently ranked 6th in the QS Arab Region University Rankings 2023 and 296th in the QS World University Rankings 2023. Become a business leader**
Our graduates go on to be very successful, with many holding top leadership positions in private and government sectors .
- 3 Receive a cutting edge business education**
