

▶ THE UNITED ARAB EMIRATES UNIVERSITY

We can't claim great longevity, but we can claim an enviable international reputation earned since the establishment of UAEU in 1976.

The United Arab Emirates University (UAEU) is an outstanding educational institution, with an international reputation for the quality of its research and the excellence of its teaching. It is this combination that ranks us in the top 350 universities worldwide.

As a research-intensive university of international stature, UAEU works with its local and international partners to provide research solutions to challenges faced by the nation, the region and the world. The

university has established research centers of strategic importance, which help advance knowledge in critical areas ranging from water resources to the treatment of cancer.

At UAEU we continuously strive to provide the best education for our students. Our academic programs are taught by internationally renowned faculty and include not only classroom theory, but also practical internships and research opportunities. We are very proud of our record in educating talented people and of the contributions that UAEU graduates have made in their chosen fields, whether here in the UAE or further afield.

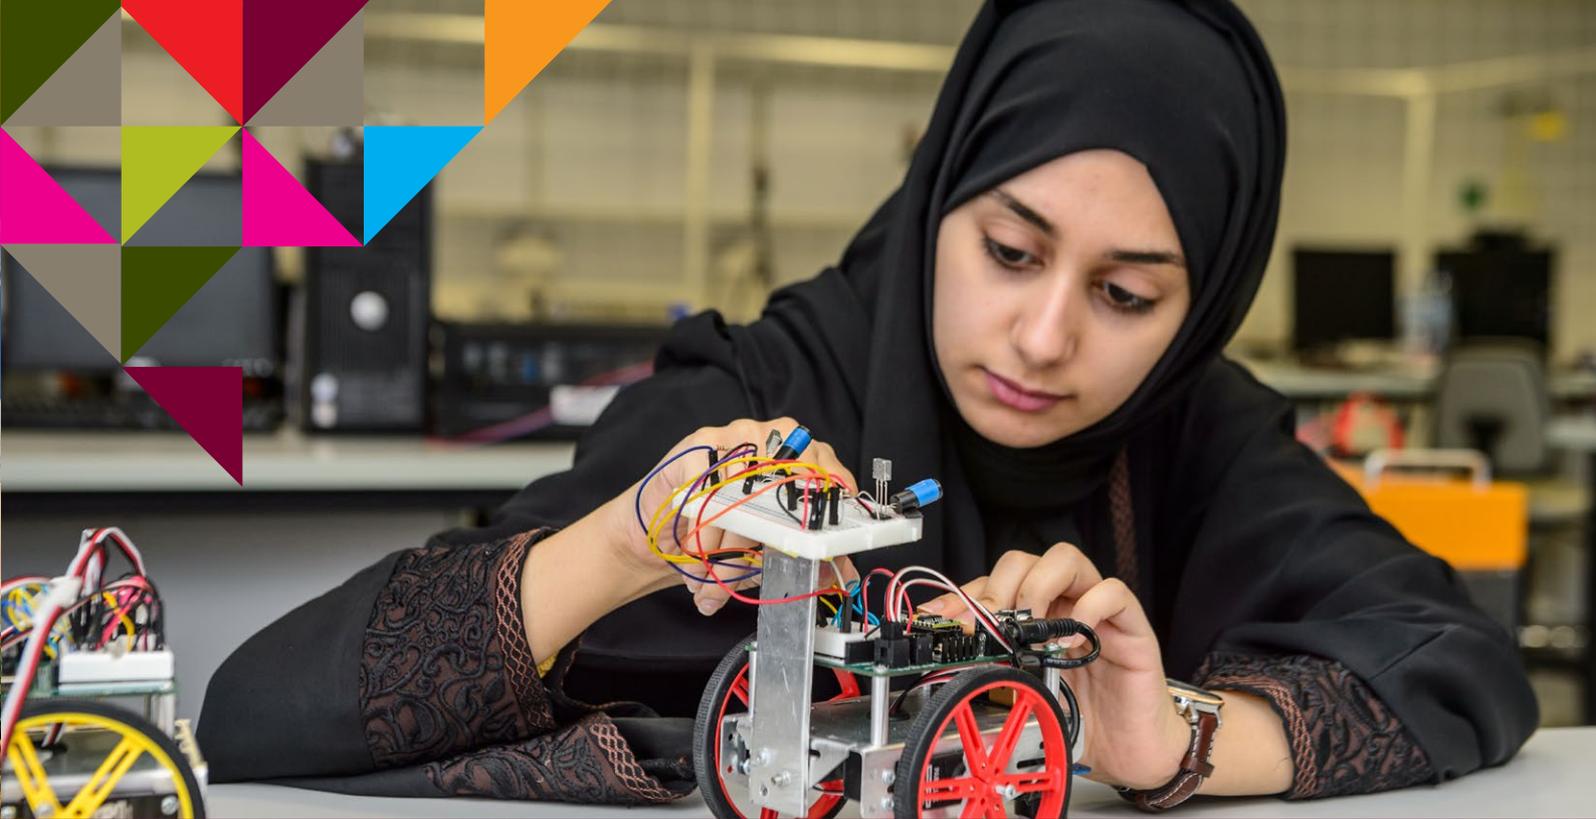

In 2010, the university moved to a new state-of-the-art campus. The 80-hectare campus is a showcase of modern architecture, high-tech laboratories, specialized research centers, cutting-edge IT infrastructure and twenty-first century classroom technology. The university enrolls approximately 15,000 students from 65 countries and seeks to provide an outstanding educational experience for every student.

Our continuing investment in facilities, services, faculty and staff will ensure that UAEU continues to serve as a model of innovation and excellence.

▶ VISION, MISSION VALUES AND GOALS

Vision

Leadership and innovation in higher education, research and community service at national and international levels.

Mission

UAEU will continue its positive contribution to the advancement of UAE by delivering undergraduate and graduate education that meets international standards, engaging effectively with the community and the world to foster knowledge creation and dissemination, and enhancing the research capacity of the country.

Values

Although the Vision and Mission of the University may change over time, we are guided by a set of core principles and values:

- **Respect for Heritage and Cultural Diversity:** We respect the deep-rooted values and the rich heritage of UAE and seek to sustain them.
- **Integrity and Transparency:** We adhere to the highest ethical principles and work with integrity, transparency and accountability to create trust and credibility.
- **Collaborative Work Environment:** We support one another at work through cooperation and teamwork.
- **Student Focus:** We recognize that students are at the center of the university's activities and ensure that our work contributes to continuous

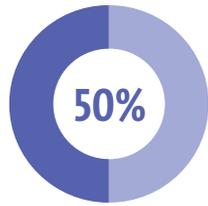

improvement in student success.

- **Effectiveness in Decision-making:** We focus on outcomes, base our decisions and plans on evidence and analysis, and develop and adopt efficient systems and procedures that support the university's core business.
- **Effective Communication:** We are committed to effective communication, through a variety of communication methods, with all our stakeholders (staff, students, alumni, partners, vendors, and the local and international communities).
- **Dedication to Knowledge:** We are committed to world-class education and scholarship relevant to student careers and community needs.

Goals

- Prepare students to be distinguished in their areas of specialization, leaders and productive members of society.
- Develop research capacity and innovation in areas of national and global importance.
- Expand international accreditation for the university and its academic programs and promote the university's global reputation.
- Promote the University's role in the transfer of knowledge and skills to serve the society.
- Ensure high quality, efficient and transparent administrative services.
- Entrench a culture of innovation in institutional work environment.

HISTORY AND KEY ACHIEVEMENTS

Throughout our short history we have helped shape the country and region through research and the dissemination of knowledge. We are working hard to preserve our traditional heritage while continuing to innovate and pursue excellence.

1976

Sheikh Zayed Bin Sultan Al Nahayan, the first President of the UAE, understood that the future of any nation depends upon the education of its young people. As a result he established United Arab Emirates University.

1977

In 1977 the university opened with four faculties. These were the Faculty of Humanities, Science, Education, Business & Economics.

1978

The Faculty of Shari'ah and Law was established.

1980

The Faculty of Agricultural Sciences and the Faculty of Engineering were established.

1981

The first student cohort graduated. This included 192 male and 50 female students, some of whom now hold key leadership positions in the country.

1986

The Faculty of Medicine and Health Sciences was established.

1991

The first Master's Degree Program was established in the Faculty of Science.

1998

The College of Engineering received ABET accreditation and the university established the Continuing Education Center as another means of serving the community.

1999

The College of Business and Economics received AACSB accreditation.

2000

The university established the Faculty of Information Technology and the Research Affairs Unit to manage and promote scientific research.

2003

English became the language of instruction.

2006

UAEU was placed among the top 10 research universities in the Islamic world by the SESRTCIC and 'Smart Classrooms' were introduced.

2007

The Faculty of Medicine and Health Sciences received the Hamdan Award for Best Medical College in the Arab World.

2009

The first Ph.D. program was established.

2010

The university moved to a new state-of-the-art campus.

2011

UAEU was ranked 338 in the QS World University rankings. The College of IT received ABET Accreditation.

2012

Mobile learning was introduced and UAEU was ranked in the top 50 world universities that were founded within the past 50 years (QS World University Rankings).

2013

University College was established. It is comprised of three units that include the University Foundation Program, the Student Academic Success Program, and the General Education Program.

2014

UAEU received institutional accreditation from the UAE Ministry of Higher Education and Scientific Research.

2016

UAEU received institutional accreditation from WASC (Senior College and University Commission: WSCUC).

2017

The "Roadmap to the University of the Future" was launched.
